- a. Many people have a controlling spirit which will deny the truth. The devil can bring peace as well as turmoil. Spirits of Control act to control the person and prevent deliverance.
- b. The function of the control spirit is two-fold:
- i. To shield the human spirit from hurt
  - ii. To bring calmness
- This demon frequently comes in during childhood as a result of a trauma  
i.e. Child’s father says, “I am going away and will not come back.” Child takes on the demon to ease the pain.
